About Us

"DORCO GROUP" was established in 1955 in South Korea. For a business specialization, "DORCO LIVING" was established in 2005 to provide customers with different value of products and services in household items such as stationery and kitchenware.

DORCO LIVING is the leading manufacturer & exporter of cutting tools in Korea and global sites, and has been supplying our items to global customers for the last 60 years as a market leader with a big market share. We have been supplying our cutting tools to global markets such as USA, South America, Europe, Asia area. Over 60 years, we have been grown up with a strong reliability and competitiveness of product quality and customer service.

We are planning to expand our business about cutting tools abroad aggressively and will continue to make every effort to put our products on the global stage so that they can be found in every corner of the world.

Brand Slogan

"Professional Edge, SINCE 1955"

What's NEW

1) To Emphasize professionalism as a leading snap-off cutter knife brand, product and package designs were renewed by Dark Gray colored body with Red Orange colored points.

Dark Gray

Red Orange

2) To raise a convenience, snap-off cutter blade's size, A / B / C, was replaced to S (Small) / M (Medium) / L (Large).

3) To deliver correct information of products to customers, snap-off cutter knives were re-named after blade size.
